PROXY STATEMENT

GENERAL

This Proxy Statement, which will be first mailed to stockholders ("Stockholders") of Veeco Instruments Inc. (the "Company") on or about April 17, 1997, is furnished in connection with the board of directors' (the "Board of Directors") solicitation of proxies from the holders of the common stock, par value \$.01 per share, of the Company (the "Common Stock") for the Annual Meeting of Stockholders of the Company to be held at 9:30 a.m. (E.S.T.) on May 15, 1997, at the Corporate Center, 395 North Service Road, Lower Auditorium, Melville, New York (the "Meeting"). Accompanying this proxy statement ("Proxy Statement") is a notice of such Meeting and a form of proxy solicited by the Board of Directors. Audited financial statements of the Company for the fiscal year ended December 31, 1996 are contained in the Company's Annual Report which has been mailed with this Proxy Statement.

Proxies in the accompanying form which are properly executed and duly returned to the Company and not revoked will be voted as specified. If no contrary specification is made and if not designated as broker non-votes, the shares represented by the enclosed proxy will be voted FOR the election of the directors ("Directors") (Proposal 1) set forth in this Proxy Statement, FOR the approval of an amendment to the Company's Amended and Restated Certificate of Incorporation (Proposal 2), FOR the approval of an amendment to the Veeco Instruments Inc. Amended and Restated 1992 Employees' Stock Option Plan (Proposal 3), FOR the approval of an amendment to the Amended and Restated Veeco Instruments Inc. 1994 Stock Option Plan for Outside Directors (Proposal 4) and FOR the ratification of the appointment of Ernst & Young LLP as auditors (Proposal 5). In addition, the shares represented by the enclosed proxy will be voted by the persons named therein, in such persons' discretion, with respect to any other business which may properly come before the Meeting or any adjournment thereof. Any Stockholder giving a proxy has the power to revoke it at any time prior to the voting by filing with the Secretary of the Company written notice of revocation or a duly executed proxy bearing a later date or by voting in person at the Meeting.

The Board of Directors has fixed the close of business on April 11, 1997 as the record date for the determination of Stockholders who are entitled to receive notice of and to vote at the Meeting. The holders of 50% of the voting

power of issued and outstanding shares of Common Stock present in person, or represented by proxy, shall constitute a quorum at the Meeting.

On April 11, 1997, the record date for the Meeting, the Company had outstanding 5,871,959 shares of Common Stock. Each share of Common Stock is entitled to one vote with respect to (i) the election of Directors (Proposal 1), (ii) the approval of an amendment to the Company's Amended and Restated Certificate of Incorporation (Proposal 2), (iii) the approval of an amendment to the Veeco Instruments Inc. Amended and Restated 1992 Employees' Stock Option Plan (Proposal 3), (iv) the approval of an amendment to the Amended and Restated Veeco Instruments Inc. 1994 Stock Option Plan for Outside Directors (Proposal 4), (v) the ratification of the appointment of Ernst & Young LLP as auditors (Proposal 5), and (vi) any other matters to be voted upon at the Meeting.

In accordance with the laws of the State of Delaware, shares represented by proxies marked as abstentions or designated as broker non-votes will be counted for purposes of determining a quorum. Shares represented by proxies marked as abstentions will also be treated as present for purposes of determining the outcome of a vote on any matter, but will not constitute a vote "for" or "against" any matter and, thus, will be disregarded in the calculation of votes cast for the election of directors. Shares represented by proxies designated as broker non-votes, however, will not be treated as present for purposes of determining the outcome of a vote on any matter.

<PAGE>

ELECTION OF DIRECTORS (PROPOSAL 1)

DIRECTORS

The following persons, who comprise all of the members of the present Board of Directors, have been nominated for re-election at the Meeting to serve as the Directors of the Company until the annual meeting of the Stockholders of the Company in 1998, and until their successors are elected and qualified, provided that, if Proposal 2 is approved, then the Company will have a classified Board of Directors, and one Director, Walter J. Scherr, will be elected for a term expiring at the 1998 Annual Meeting of Stockholders (Class I), two Directors, Joel A. Elftmann and Paul R. Low, will be elected for terms expiring at the 1999 Annual Meeting of Stockholders (Class II) and two Directors, Edward H. Braun and Richard A. D'Amore, will be elected for terms expiring at the 2000 Annual Meeting of Stockholders (Class III):

Edward H. Braun
Richard A. D'Amore
Joel A. Elftmann
Paul R. Low
Walter J. Scherr

Directors are elected by a plurality of the votes cast at the Meeting. Unless authority to vote is specifically withheld by appropriate designation on the face of the proxy or a broker or nominee has indicated on the face of the proxy its lack of discretionary authority to vote, the persons named in the accompanying proxy intend to vote the shares represented thereby for the persons whose names are set forth above as Directors of the Company. Accordingly, only proxies marked "FOR" the nominees or unmarked (other than broker non-votes) will be counted as "votes" in determining election of Directors.

The Board of Directors recommends that Stockholders vote FOR the Director nominees named above, and, unless a Stockholder gives instructions on the proxy card to the contrary or a broker non-vote is indicated on the proxy card, the appointees named thereon intend so to vote. Management does not contemplate that any of the nominees for Director will be unable to serve, but if such a situation should arise, it is the intention of the persons named in the accompanying proxy to vote for the election of such other person or persons as the remaining members of the Board of Directors may recommend.

DIRECTOR COMPENSATION

Directors, other than those who are employees of the Company, receive a per meeting fee of \$2,000 for attendance at Board of Directors and committee meetings. In addition, each of the current non-employee Directors received 9,999 options, in the aggregate, to purchase Common Stock pursuant to the Amended and Restated Veeco Instruments Inc. 1994 Stock Option Plan for Outside Directors, and under such plan each non-employee Director who meets the eligibility criteria for such plan will receive an annual grant of 3,333 options. (If Proposal 4 is adopted by the Stockholders at the Meeting, each non-employee Director will receive an annual grant of 7,000 options.) See "Approval of Amendment to the Amended and Restated Veeco Instruments Inc. 1994 Stock Option Plan for Outside Directors (Proposal 4)". Mr. Braun, the Chairman, Chief Executive Officer and President of the Company, receives no compensation for his service as a Director.

The Company is party to an agreement with Walter J. Scherr, a Director of the Company, pursuant to which he is employed as a consultant to the Company with respect to acquisition and new business opportunities, as well as other matters. During 1996, Mr. Scherr received \$72,568 pursuant to such consulting arrangement. In addition, Mr. Scherr received a \$40,000 bonus in 1996 for his employment by the Company during 1995 as an executive officer. On April 23, 1996, Mr. Scherr also received options to purchase 10,000 shares of Common Stock at an exercise price of \$14.50 per share pursuant to the Veeco Instruments Inc. Amended and Restated 1992 Employees' Stock Option Plan.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Company's Compensation Committee is comprised of Messrs. D'Amore, Elftmann and Low. Mr. D'Amore is a General Partner of Hambro International Venture Fund II, L.P. ("Hambro II").

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

COMPENSATION PHILOSOPHY

The Compensation Committee of the Board of Directors is comprised of three outside, non-employee Directors. The Committee reviews and approves all of the Company's executive compensation programs. The Compensation program is based on the following principles:

- 1) Executive officers' compensation should be tied to annual performance goals that maximize Stockholder value.
- 2) The Company emphasizes variable incentive compensation in order to ensure continuously improving corporate performance and to align the interests of executive officers with those of Stockholders.

9

<PAGE>

- 3) Compensation must be competitive in order to attract, motivate and retain the management talent needed to achieve the Company's business objectives.

In determining competitive levels, the committee reviews information of comparative companies from both independent survey data and public company filings.

COMPONENTS OF COMPENSATION

The Company's executive compensation program consists of three principal elements:

- 1) Base Salary--Base salaries have been set within salary ranges based on compensation reports published by Radford Associates and Alexander and

Alexander Consulting Group on comparable size and type manufacturing companies. Individual salary increases are based on the officer's contribution to the Company and the relationship of current pay to the current value of the job.

2) Annual Incentive Awards--Annual incentive awards are based on performance against objectives in the calendar year and are ordinarily payable in the first quarter of the succeeding year. Incentive awards for executive officers are a percentage of base salary. The percentage can range to up to 40% of base salary for achievement of 110% of business plan objectives. In exceptional circumstances, when the Company or a business unit exceeds 110% of planned objectives, the Compensation Committee may selectively make incentive awards at a higher level. Annual incentive awards are based on selected financial criteria tied to the annual business plan. In 1996, this plan was objectively based on operating income criteria and subjectively on the ability of executive management to strategically position the Company for growth.

3) Stock Option Grants--Stock option grants are awarded as a recognition of exceptional current performance and an expectation of continued high quality contribution to enhancing Stockholder value. The committee believes that stock options encourage officers to relate their long-term economic interests to those of other Stockholders. Stock options are granted at fair market value on the date of grant and vest over three years. The options have an exercise period of ten years from the date of grant.

CHIEF EXECUTIVE OFFICER'S COMPENSATION

The compensation of the Company's Chief Executive Officer, Edward H. Braun, is determined by the Compensation Committee in accordance with the policies described above relating to all executive officers' compensation. In particular, the Compensation Committee established Mr. Braun's base salary after an evaluation of his personal performance and the committee's objective to have his base salary comparable with salaries being paid to similarly situated chief executive officers. Mr. Braun's bonus was based upon the Company's operating income achieved compared with the 1996 business plan, as well as development of and progress in the Company's long-term goals and strategies.

POLICY ON DEDUCTIBILITY OF COMPENSATION

Section 162(m) of the Code limits to \$1,000,000 per year the Company's tax deduction for compensation paid to each of the Named Officers, unless certain requirements are met. The Compensation Committee believes it unlikely in the short term that such limitation will affect the Company. The Compensation Committee's present intention is to structure executive compensation so that it will be fully deductible, while maintaining flexibility to take actions which it deems to be in the best interest of the Company and the Stockholders but which may result in the Company paying certain items of compensation that may not be fully deductible.

APPROVAL OF AN AMENDMENT TO THE COMPANY'S
AMENDED AND RESTATED CERTIFICATE OF INCORPORATION
TO PROVIDE FOR THE CLASSIFICATION OF THE BOARD INTO
THREE CLASSES WITH STAGGERED TERMS (PROPOSAL 2)

In April 1997, the Board of Directors unanimously approved, subject to Stockholder approval, an amendment to the Company's Amended and Restated Certificate of Incorporation to provide for a classified board (the "Classified Board Amendment") designed to provide continuity and stability to the management of the Company and to render certain hostile takeovers of the Company more difficult. This proposal does not reflect knowledge on the part of the Board of Directors or management of any proposed takeover or other attempt to acquire control of the Company.

THE FULL TEXT OF THE PROPOSED RESOLUTION AMENDING THE COMPANY'S AMENDED AND RESTATED CERTIFICATE OF INCORPORATION IS ATTACHED HERETO AS EXHIBIT A, AND THE DESCRIPTION OF THE CLASSIFIED BOARD AMENDMENT HEREIN IS QUALIFIED IN ITS ENTIRETY BY REFERENCE TO SUCH EXHIBIT A.

The Company recently announced that it has entered into a letter of intent with Wyko Corporation, a privately held company ("Wyko"), providing for the acquisition of all of the outstanding capital stock of Wyko by the Company in consideration for the issuance to the shareholders of Wyko of 3,000,000 shares of Common Stock (the "Acquisition"). The Acquisition is subject to the satisfaction of a number of conditions, including the execution of a definitive acquisition agreement, approval by the board of directors and stockholders of the Company and Wyko, and the receipt of all necessary governmental and third party approvals.

Upon the consummation of the Acquisition, in accordance with the terms set forth in the letter of intent, the former stockholders of Wyko will own, in the aggregate, approximately 33% of the outstanding Common Stock. The holders of such a large percentage of the Common Stock could, acting together, have substantial influence in any election for directors of the Company or other matters presented to stockholders.

The affirmative vote of the holders of a majority of the outstanding shares entitled to vote thereon will be required to amend the Company's Amended and Restated Certificate of Incorporation to provide for the Classified Board Amendment.

THE BOARD OF DIRECTORS BELIEVES THAT THE APPROVAL OF THE AMENDMENT TO THE COMPANY'S AMENDED AND RESTATED CERTIFICATE OF INCORPORATION IS IN THE BEST INTERESTS OF THE COMPANY AND THE STOCKHOLDERS. THUS THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR APPROVAL OF THE CLASSIFIED BOARD AMENDMENT, AS DESCRIBED ABOVE, AT THE MEETING AND IT IS INTENDED THAT PROXIES NOT MARKED TO THE CONTRARY AND NOT DESIGNATED AS BROKER NON-VOTES WILL BE SO VOTED. IN THE EVENT THAT PROPOSAL 2 IS NOT APPROVED BY THE STOCKHOLDERS AT THE MEETING, THE AMENDED AND RESTATED CERTIFICATE OF INCORPORATION IN EFFECT AS OF THE DATE HEREOF WILL REMAIN IN FULL FORCE AND EFFECT.

GENERAL

Under existing provisions of the Company's Amended and Restated Certificate

of Incorporation and Bylaws, Directors of the Company are elected annually for terms of one year. The Delaware General Corporation Law provides that the Certificate of Incorporation of a corporation may provide that Directors be divided into a maximum of three classes. The Classified Board Amendment will divide the Directors into three classes, as nearly equal in size as possible. After an interim arrangement, as described below, the Directors of each class will serve for three-year terms and the term of one class will expire each year.

To implement the classified board, the Classified Board Amendment will permit Class I, Class II and Class III Directors initially to be elected at the Meeting for terms of one year, two years and three years,

12

<PAGE>

respectively (see "Election of Directors (Proposal 1)" above). If the Classified Board Amendment is adopted, Class I Directors elected at the Meeting will hold office until the 1998 Annual Meeting of Stockholders, Class II Directors elected at the Meeting will hold office until the 1999 Annual Meeting of Stockholders and Class III Directors elected at the Meeting will hold office until the 2000 Annual Meeting of Stockholders. At each annual meeting of Stockholders, commencing with the 1998 Annual Meeting of Stockholders, Directors elected to succeed those in the class whose terms then expire will be elected for a three-year term so that the term of one class of directors will expire each year. If the Classified Board Amendment is adopted, the classified board structure will apply to each future election of Directors. After the Meeting, Stockholders will elect only one-third of the Directors at each annual meeting of Stockholders. Thus, two annual meetings will be required to change a majority of the members of the Board of Directors, while at present, the composition of a majority of the Board of Directors can be changed at one annual meeting. If a Director ceases to serve as such prior to the expiration of his term (a "Resigning Director"), the Board of Directors may appoint a replacement to serve for the period of time remaining on the term of the seat vacated by the Resigning Director.

PURPOSE AND EFFECT OF AMENDMENT

The Board of Directors believes that the Classified Board Amendment is in the best interests of the Company and the Stockholders, and that Board of Directors classification will help lend continuity and stability to the management of the Company. Following adoption of the classified board structure, at any given time two-thirds of the members of the Board of Directors will generally have experience as Directors of the Company. The Board of Directors believes that this will facilitate long-range business planning, strategic planning and policy making and will have a positive impact on customer and employee loyalty. By providing that Directors will serve three-year terms rather than one-year terms, the likelihood of continuity in the policies of the Board of Directors will be enhanced.

The Board of Directors also believes that it is in the best interests of the Company and the Stockholders to adopt measures, such as the Classified Board Amendment, designed to render certain hostile takeover attempts more difficult. Takeover attempts that have not been negotiated or approved by the Board of Directors can seriously disrupt the business and management of the Company and present to Stockholders the risk of terms which may be less favorable than would be available in a Board of Directors-approved transaction. Board of Directors-approved transactions may be carefully planned and undertaken at an opportune time in order to maintain maximum value for the Company and all of the Stockholders with due consideration to matters such as the recognition or postponement of gain or loss for tax purposes, the management and business of the acquiring corporation and maximum strategic deployment of corporate assets. The delay afforded by the Classified Board Amendment will also help ensure that the Board of Directors will have sufficient time to review and consider appropriate alternatives to the proposal and to act in what it believes to be the best interests of the Stockholders. Because the effect of the Classified Board Amendment is to make it more difficult for Stockholders to change the composition of the Board of Directors in a relatively short period of time, the Classified Board Amendment may force those seeking to assume control of the Company to negotiate with management which may lead to a more favorable price for Stockholders in any transaction to assume control. Hostile takeovers of publicly-owned companies and certain acts of self-dealing between the Company's principal Stockholders, including the use of the Company's assets to pay for the cost of acquiring shares of Common Stock, may result in dissimilar and unfair treatment of Stockholders and are highly disruptive to the affairs of the Company. The Board of Directors believes that all Stockholders should receive fair and equitable treatment in the event of an attempt to gain control of the

Company. The Classified Board Amendment is designed, in part, to reduce the vulnerability of the Company to an unsolicited takeover proposal, particularly a proposal that does not contemplate the acquisition of all of the outstanding shares of Common Stock. The Board of Directors believes it is desirable to implement a classified board structure to help ensure the continuity and stability of management. The Classified Board Amendment would not prevent a negotiated acquisition of

13

<PAGE>

the Company with the cooperation of the Board of Directors but allows the Board of Directors to preserve control of the process for the sale of the Company.

The existence of a classified Board of Directors may deter "creeping acquisitions" in which a person or group seeks to acquire (i) a controlling position without paying a normal control premium to the selling stockholders; (ii) a position sufficient to exert control over the Company through a proxy contest or otherwise; or (iii) a block of stock with a view toward attempting to promote a sale or liquidation or a repurchase by the Company of the block at a premium, or an exchange of the block for assets of the Company. Faced with a classified Board of Directors, such a person or group would have to assess carefully its ability to control or influence the Company. Absent the necessity to act in response to an immediately threatened change in control, the Board of Directors will have the ability to act in a more careful and deliberative manner and implement appropriate business judgment in response to a creeping acquisition.

The Board of Directors recognizes that hostile takeover attempts do not always have the unfavorable consequences or effects described above and may frequently be beneficial to the stockholders, providing all of the stockholders with considerable value for their shares. Potential acquirers often seek to obtain control of a company by acquiring a majority of the outstanding shares of such company and then using that voting power to remove the existing directors and replace them with directors chosen by the acquirer. Making it more difficult to remove management would, at a minimum, delay this strategy, thereby making it more difficult for a potential acquirer to effect a takeover of the Company without the cooperation of the existing Board of Directors. Thus, the overall effect of this proposal may render more difficult the accomplishment of mergers or the assumption of control by a principal stockholder, even if the reason for the desired change in management is inadequate performance. The effect of making removal of management more difficult may be the continuation of management tenure even if the removal of management is desired by more than a majority of the stockholders and would be beneficial to stockholders. The directors are subject to a duty of loyalty to the stockholders. This duty offsets to an extent the potential disadvantages to stockholders of the Classified Board Amendment.

The Board of Directors has considered the potential disadvantages and has unanimously concluded that the potential benefits of the proposed Classified Board Amendment outweigh their possible disadvantages. This proposal does not reflect knowledge on the part of the Board of Directors or management of any proposed takeover or other attempt to acquire control of the Company. A classified board structure ensures that the Company, its management and the Stockholders are protected from the negative effects of an unapproved change in control of the Company and to provide continuity and stability to the management of the Company. Management has no current intention to propose other measures designed to discourage takeovers apart from those already adopted or proposed in this proposal, although additional measures may be proposed if warranted from time to time in the judgment of the Board of Directors.

CURRENT ANTI-TAKEOVER MEASURES IN EFFECT

The Company has previously adopted certain measures that may have the effect of delaying, deterring or preventing certain takeover attempts, as follows:

NO PROVISION FOR CUMULATIVE VOTING. Under the Delaware General Corporation Law, unless a corporation's certificate of incorporation specifies otherwise, stockholders may not cumulate votes for the election of directors. Cumulative voting permits the holder of each share of stock entitled to vote in the election of directors to cast that number of votes for each share equal to the number of directors to be elected. The holder may allocate all votes represented by a share to a single candidate or may allocate those votes among as many candidates as such stockholder chooses. Thus, a stockholder with a significant minority percentage of the outstanding shares may be able to elect one or more directors if voting is cumulative. Absent cumulative voting, a stockholder may vote no more than one vote per share for any one candidate. The Company's

current Amended and Restated Certificate of Incorporation does not provide for cumulative voting.

14

<PAGE>

ABILITY TO ISSUE PREFERRED STOCK. The Board of Directors has authority under the Company's current Amended and Restated Certificate of Incorporation to issue shares of preferred stock with voting and economic rights to be determined by the Board of Directors. The existence of this authorized but unissued class of stock may make it more difficult for a third party to acquire a majority of the outstanding voting stock of the Company, thereby delaying, deferring or preventing a change in control of the Company. Furthermore, such preferred stock may have other rights, including economic rights senior to the Common Stock, and, as a result, the issuance thereof could have a material adverse effect on the market value of the Common Stock. The Company has no present plans to issue any shares of preferred stock.

NO PROVISION FOR STOCKHOLDERS TO ACT BY WRITTEN CONSENT. The Company's Bylaws do not allow the Stockholders to take action by written consent; rather Stockholders may only take action at an annual or special meeting of Stockholders. This may prevent the Stockholders from taking action quickly.

SPECIAL MEETINGS OF THE STOCKHOLDERS. Pursuant to the Company's Bylaws, special meetings of the Stockholders may only be called by resolution of the Board of Directors, the President of the Company or upon the written request of the holders of a majority of votes entitled to be cast at the meeting. This provision renders it more difficult for the Stockholders to convene a special meeting in a short period of time and, therefore, to act quickly.

DELAWARE LAW. Additionally, the Company is subject to the anti-takeover provisions of Section 203 of the Delaware General Corporation Law, which prohibits the Company from engaging in a "business combination" with an "interested stockholder" for a period of three years after the date of the transaction in which the person became an interested stockholder, unless the business combination is approved in a prescribed manner. The application of Section 203 may have the effect of delaying or preventing a change in control of the management of the Company.

APPROVAL OF AMENDMENT TO
THE VEECO INSTRUMENTS INC. AMENDED AND RESTATED
1992 EMPLOYEES' STOCK OPTION PLAN (PROPOSAL 3)

The Board of Directors has determined that it would be in the best interests of the Company to further amend the Veeco Instruments Inc. Amended and Restated 1992 Employees' Stock Option Plan (the "Employees' Plan") to provide that the number of shares of Common Stock for which stock options (the "Stock Options") may be granted pursuant to such plan be increased from 826,787 shares to 1,226,787 shares. Pursuant to the Employees' Plan, no employee may be granted Stock Options to purchase more than 100,000 shares, in the aggregate, of stock in any calendar year. As of December 31, 1996, Stock Options to purchase 491,714 shares, in the aggregate, granted pursuant to such plan were outstanding, and Stock Options to purchase 264,245 shares remained available for future grant thereunder. The proposed amendment would make 400,000 additional shares available for issuance upon exercise of Stock Options granted under the Employees' Plan. The Board of Directors believes that an increase in the number of Stock Options available for grant pursuant to the Employees' Plan is necessary in order to provide the Company with an effective incentive to attract and retain key employees.

Section 1.6 of the Bylaws of the Company provides that corporate action to be taken by stockholder vote, other than the election of directors, shall be authorized by a majority of the votes cast at a meeting of the stockholders. Therefore, the approval of the amendment to the Employees' Plan requires the affirmative vote of a majority of the votes cast at the Meeting.

THE BOARD OF DIRECTORS BELIEVES THAT THE APPROVAL OF THE AMENDMENT TO THE EMPLOYEES' PLAN IS IN THE BEST INTERESTS OF THE COMPANY AND THE STOCKHOLDERS. THUS, THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR APPROVAL OF THE AMENDMENT TO THE EMPLOYEES' PLAN, AS DESCRIBED ABOVE, AT THE MEETING AND IT IS INTENDED THAT PROXIES NOT MARKED TO THE CONTRARY AND NOT DESIGNATED AS BROKER NON-VOTES WILL BE SO VOTED. IN THE EVENT THAT PROPOSAL 3 IS NOT APPROVED BY STOCKHOLDERS AT THE MEETING, THE EMPLOYEES' PLAN IN EFFECT AS OF THE DATE HEREOF WILL REMAIN IN FULL FORCE AND EFFECT.

VEECO INSTRUMENTS INC. AMENDED AND RESTATED 1992 EMPLOYEES' STOCK OPTION PLAN

The following is a summary description of the Employees' Plan in effect as of the date hereof. The Employees' Plan was adopted and approved by the Board of Directors and the Stockholders in 1992, and became effective on April 15, 1992 (the "Effective Date"). The first amendment and restatement of the Employees' Plan was approved and adopted by the Board of Directors and the Stockholders on October 15, 1994. The Employees' Plan was further restated in January 1995 and was further amended and restated in June 1995 and May 1996.

The principal features of the Employees' Plan (as in effect as of the date hereof) are summarized below:

The Employees' Plan provides for the granting of Stock Options to purchase shares of Common Stock of the Company to certain key employees (each, an "Optionee") of the Company and its subsidiaries, as such term is defined in Section 425 of the Code. The total number of shares of Common Stock for which Stock Options may be granted under the Employees' Plan may not exceed, in the aggregate, 826,787 shares, and no employee may be granted Stock Options to purchase more than 100,000 shares, in the aggregate, in any calendar year. (If Proposal 2 is adopted by the Stockholders at the Meeting then the Employees' Plan will be amended to increase the number of shares of Common Stock for which Stock Options may be granted to 1,226,787.)

The Employees' Plan is intended to provide an incentive to certain key employees of the Company and its subsidiaries in order to encourage them to remain in the employ of the Company or such subsidiary and contribute to the Company's success by granting them Stock Options.

The Compensation Committee, in its sole discretion, at any time prior to April 15, 2002, may authorize the granting of Stock Options to such of the officers, managerial or supervisory personnel and other key employees of the Company and its subsidiaries as it may select (approximately 100 employees as of March 31, 1997), and in such amounts as it shall designate, subject to the provisions of the Employees' Plan.

Each Stock Option granted to an Optionee is evidenced by a written agreement (a "Stock Option Agreement") containing such provisions as approved by the Compensation Committee not inconsistent with the Employees' Plan and which need not be identical in respect of each Optionee. Stock Options granted under the Employees' Plan will have the following terms:

(a) EXERCISE PRICE. The exercise price (the "Exercise Price") of a Stock Option equals the Fair Market Value (as defined below) per share of Common Stock covered by the Stock Option at the time that the Stock Option is granted. "Fair Market Value" per share of Common Stock as of a particular date means, unless otherwise determined by the Compensation Committee, the closing price per share of Common Stock as reported by NASDAQ for the last preceding date on which a sale was reported. The closing price per share of Common Stock on April 11, 1997 as reported by NASDAQ was \$32.00 per share.

(b) TERM. No Stock Option may be exercised later than ten years from the date such Stock Option was granted and a Stock Option may terminate at an earlier date, as described below. No Stock Option may be transferred by an Optionee other than by will or the laws of descent and distribution. During the lifetime of an Optionee, the Stock Option is exercisable only by such Optionee or, in the case of disability, by such Optionee's personal representative.

(c) VESTING. Unless otherwise provided in any Stock Option Agreement, Stock Options granted pursuant to the Employees' Plan become exercisable as follows:

(i) with respect to one-third of the shares of Common Stock covered by the Stock Option, on the first anniversary date of the grant of such Stock Option;

16

<PAGE>

(ii) with respect to an additional one-third of the shares of Common Stock covered by the Stock Option, on the second anniversary date of the grant of such Stock Option; and

(iii) with respect to the remaining one-third of the shares of Common Stock covered by the Stock Option, on the third anniversary date of the grant of such Stock Option.

For purposes of the Employees' Plan and this Proxy Statement, the term "Vested Options" means, with respect to any particular Optionee, those Stock Options which have become exercisable; and the term "Vested Shares" shall mean, with respect to any particular Optionee, those shares of Common Stock subject to one or more Vested Options.

(d) TERMINATION OF EMPLOYMENT. In the event (i) of a termination by the Company of an Optionee's employment (other than for Cause, as defined in the applicable Stock Option Agreement), (ii) an Optionee voluntarily leaves the employ of the Company or (iii) an Optionee dies or becomes disabled (as defined in the Employees' Plan) while the Optionee is employed by the Company, such Optionee, his estate or his legal guardian, as the case may be, will be entitled to exercise the Optionee's Vested Options for a period of 90 days following the date of such termination, voluntary departure, death or disability. In the event that an Optionee's employment with the Company is terminated by the Company for Cause (as defined in the applicable Stock Option Agreement), such Optionee's right to exercise Vested Options will immediately terminate and all of such Optionee's Stock Options, whether or not vested, will be rendered null, void and unexercisable. Upon the occurrence of any of the termination events set forth above, non-Vested Options will terminate and be rendered null, void and unexercisable. Non-Vested Options which are so terminated may be reissued by the Company pursuant to the Employees' Plan.

The aggregate purchase price for the Common Stock to be issued upon the exercise of any Vested Options must be paid in full on the date of purchase. Payment may be made either in cash or in such other consideration as the Compensation Committee deems appropriate, including, but not limited to, Common Stock already owned by the Optionee or Common Stock to be acquired by the Optionee upon the exercise of Vested Options having a total fair market value, as determined by the Compensation Committee, equal to the aggregate purchase price, or a combination of cash and Common Stock having a total fair market value as so determined, equal to the aggregate purchase price.

The total number of shares of Common Stock which may be issued under the Employees' Plan, the number of shares of Common Stock which may be purchased upon the exercise of Stock Options and the Exercise Price of such Stock Options will be adjusted for any increase or decrease in the number of outstanding shares of Common Stock resulting from the payment of a Common Stock dividend on the Common Stock, a subdivision or combination of shares of the Common Stock or a reclassification of the Common Stock and in the event of a consolidation or a merger in which the Company is the surviving corporation. After any merger of one or more corporations into the Company in which the Company is the surviving corporation, or after any consolidation of the Company and one or more other corporations, each Optionee will be entitled, at no additional cost, upon any exercise of his Stock Options, to receive (subject to any required action by Common Stockholders), in lieu of the number of shares as to which such Stock Options will then be so exercised, the number and class of shares of Common Stock or other securities to which such Optionee would have been entitled pursuant to the terms of the applicable agreement of merger or consolidation if at the time of such merger or consolidation such Optionee had been a holder of record of a number of shares of Common Stock equal to the number of shares to which such Optionee's Stock Options may have then been so exercised. Comparable rights will accrue to each Optionee in the event of successive mergers or consolidations of the character described above.

In the event of any sale of all or substantially all of the assets of the Company, or any merger of the Company into another corporation, or any dissolution or liquidation of the Company or, in the discretion of the Board of Directors, any consolidation or other reorganization in which it is impossible or impracticable to continue in effect any Stock Options, all Stock Options granted under the Employees'

17

<PAGE>

Plan and not previously exercised will become exercisable by Optionees who are at such time in the employ of the Company, commencing ten days before the scheduled closing of such event, and will terminate unless exercised at least one business day before the scheduled closing of such event; provided, however, that the Board of Directors may, in its discretion, require instead that all

Stock Options granted under the Employees' Plan and not previously exercised be assumed by such other corporation on the basis provided in the preceding paragraph.

Stock Options granted under the Employees' Plan are intended to be "nonqualified stock options" that will not be governed by the special tax treatment applicable to "incentive stock options" described in Sections 421 and 422 of the Code. The following is a summary description of the Federal income tax consequences of the Employees' Plan.

The grant of a Stock Option under the Employees' Plan is not taxable to the Optionee at the time of grant. Upon the exercise of a Stock Option,

(1) the Optionee will recognize taxable ordinary income in an amount equal to the excess of the fair market value of the Common Stock acquired on the date of exercise over the Exercise Price;

(2) the Company will be entitled to a deduction at the same time and in the same amount as the Optionee recognizes income; and

(3) upon a sale of the Stock so acquired, the Optionee will have short-term or long-term capital gain or loss, as the case may be, in an amount equal to the difference between the amount realized on such sale and the tax basis of the Common Stock sold.

If payment of the Exercise Price is made entirely in cash, the tax basis of the Common Stock will be equal to its fair market value on the date of exercise, but not less than the Exercise Price, and the holding period will begin on the day after the date of exercise. If, with the consent of the Compensation Committee, the Optionee uses previously owned Common Stock to pay all or part of the Exercise Price, the transaction will not be considered to be a taxable disposition of the previously owned Common Stock. The Optionee's tax basis and holding period of the previously owned Common Stock will be carried over to the equivalent number of shares of Common Stock received on exercise. The tax basis of the additional shares of Common Stock received upon exercise will be the fair market value of the Common Stock on the date of exercise, but not less than the amount of cash used in payment, and the holding period for such additional shares of Common Stock will begin on the day after the date of exercise.

The Company does not impose restrictions on the resale of shares of Common Stock obtained pursuant to the Employees' Plan; however, certain Optionees may be subject to restrictions on resale imposed by federal or state securities laws or by contract.

The Employees' Plan is administered by the Compensation Committee. The Board of Directors may at any time terminate, amend or modify the Employees' Plan; provided, however, that no such action of the Board of Directors, without the approval of the Stockholders, may (i) effectuate any change for which stockholder approval is required to qualify under Rule 16b-3 of the Securities Exchange Act or (ii) subject to certain exceptions, effectuate any change inconsistent with the qualifications of Stock Options as "performance based" under Section 162(m) of the Code; and provided, further, that no amendment, modification or termination of the Employees' Plan may in any way affect any Stock Option theretofore granted under the Employees' Plan without the consent of the then holder of the Stock Option.

Generally, all full-time employees of the Company and its participating subsidiaries are eligible to participate in the Purchase Plan.

The Purchase Plan is administered by the Compensation Committee and generally operates on a calendar year basis. CERTAIN BENEFIT PLANS

The Company maintains an insured long-term disability benefit plan that covers certain officers and key employees as of the first day of the month after they are hired. The plan is paid for by the Company and provides monthly benefits if a covered employee becomes totally disabled while employed. The benefits begin after a five-month waiting period and generally end at age 65. The plan provides a monthly benefit equal to 60% of the employee's basic monthly earnings (up to a maximum monthly benefit of \$7,500), and is reduced by the amount of certain other benefits received by the employee, such as Social Security benefits.

APPROVAL OF AMENDMENT TO
THE AMENDED AND RESTATED VEECO INSTRUMENTS INC.
1994 STOCK OPTION PLAN FOR OUTSIDE DIRECTORS (PROPOSAL 4)

The Board of Directors has determined that it would be in the best interests of the Company to amend the Amended and Restated Veeco Instruments Inc. 1994 Stock Option Plan for Outside Directors (the "Directors' Plan") to (i) provide that the number of shares of Common Stock for which Stock Options may be granted

be increased from 50,000 shares to 115,000 shares, (ii) increase the number of shares of Common Stock for which Stock Options are granted to Non-Employee Directors upon their election to such position from 3,333 shares to 7,000 shares and (iii) provide for the grant of Stock Options to purchase 7,000 shares of Common Stock to each Non-Employee Director on an annual basis, as of each annual meeting of Stockholders subsequent to such Non-Employee Director's election which occurs during such Non-Employee Director's term of office. As of December 31, 1996, Stock Options to purchase 29,997 shares, in the aggregate, had been granted pursuant to such plan, and Stock Options to purchase 20,003 shares remained available for grant thereunder. The proposed amendment would make 65,000 additional shares available for issuance upon exercise of Stock Options granted under the Directors' Plan. The Board of Directors believes that an increase in the number of Stock Options available for grant pursuant to the Directors' Plan is necessary in order to provide the Company with an effective method to attract, retain and compensate qualified non-employee directors and increase such directors' proprietary and vested interest in the Company.

Section 7.1 of the Directors' Plan as in effect on the date hereof provides that an amendment to such plan which increases the number of shares of Common Stock for which Stock Options may be granted shall be authorized by a majority of the shares of capital stock of the Company outstanding and entitled to vote at a meeting of the stockholders. Therefore, the approval of the amendment to the Directors' Plan requires the affirmative vote of a majority of the shares of Common Stock outstanding.

THE BOARD OF DIRECTORS BELIEVES THAT THE APPROVAL OF THE AMENDMENT TO THE DIRECTORS' PLAN IS IN THE BEST INTERESTS OF THE COMPANY AND THE STOCKHOLDERS. THUS, THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR APPROVAL OF THE AMENDMENT TO THE DIRECTORS' PLAN, AS DESCRIBED ABOVE, AT THE MEETING AND IT IS INTENDED THAT PROXIES NOT MARKED TO THE CONTRARY AND NOT DESIGNATED AS BROKER NON-VOTES WILL BE SO VOTED. IN THE EVENT THAT PROPOSAL 4 IS NOT APPROVED BY STOCKHOLDERS AT THE MEETING, THE DIRECTORS' PLAN IN EFFECT AS OF THE DATE HEREOF WILL REMAIN IN FULL FORCE AND EFFECT.

AMENDED AND RESTATED VEECO INSTRUMENTS INC. 1994 STOCK OPTION PLAN FOR OUTSIDE DIRECTORS

The following is a summary description of the Directors' Plan in effect as of the date hereof. The Directors' Plan was adopted by the Board of Directors and the Stockholders in October 1994, and became effective on October 13, 1994. The Directors' Plan was restated in January 1995 and was further amended in May 1996.

20

<PAGE>

The principal features of the Directors' Plan (as in effect as of the date hereof) are summarized below:

The Directors' Plan provides for the grants of stock options to purchase shares of Common Stock to each member of the Board of Directors of the Company who is not an employee of the Company and who has not, within the immediately preceding year, received any award of stock, stock options or stock appreciation rights under any plan (other than certain plans providing for automatic awards) of the Company providing for such awards (such eligible Directors being referred to herein as the "Non-Employee Directors"). The total number of shares of Common Stock for which Stock Options may be granted under the Directors' Plan may not exceed, in the aggregate, 50,000 shares. (If Proposal 4 is adopted by the Stockholders at the Meeting then the Directors' Plan will be amended to increase the number of shares of Common Stock for which Stock Options may be granted to 115,000.)

The purpose of the Directors' Plan is to increase the proprietary and vested interest of the Non-Employee Directors in the growth and performance of the Company by granting them Stock Options. The Board of Directors believes that an increase in the number of Stock Options granted to the Non-Employee Directors on an annual basis is necessary to retain high-quality outside directors. As of the date hereof, there are three Non-Employee Directors, and if each of the nominees for Director of the Company set forth in Proposal 1 is elected by the Stockholders at the Meeting, there will continue to be three Non-Employee Directors.

Any individual who is elected or appointed to the office of Director as a Non-Employee Director after the date of the adoption of the Directors' Plan will receive a Stock Option to purchase 3,333 shares of Common Stock as of the date of the first meeting of the Board of Directors which such individual attends in

such capacity. Each Non-Employee Director will, upon re-election to the Board of Directors, receive a Stock Option to Purchase 3,333 shares of Common Stock as of the date of the first meeting of the Board of Directors which such individual attends after re-election. (If Proposal 4 is adopted by the Stockholders at the Meeting, then each Non-Employee Director shall receive a Stock Option to purchase 7,000 shares upon his election to the Board of Directors and, annually, as of the date of each annual meeting of Stockholders subsequent to such Non-Employee Director's election which occurs during such Non-Employee Director's term of office.)

Stock Options will be granted only pursuant to an Option Agreement, which shall be executed by the optionee and an authorized officer of the Company and which shall contain such terms and conditions as the Board of Directors shall determine, consistent with the Directors' Plan.

The Stock Options granted under the Directors' Plan have the following terms and conditions:

(a) EXERCISE PRICE. The exercise price for the shares of Common Stock subject to a Stock Option equals one hundred percent (100%) of the Fair Market Value of a share as of the date the Stock Option is granted. "Fair Market Value" shall mean the closing price per share as reported on NASDAQ for the last preceding date on which a sale was reported. The price per share of Common Stock on April 11, 1997 as reported by NASDAQ was \$32.00 per share.

(b) VESTING. Each Stock Option granted pursuant to the Directors' Plan is fully vested and exercisable immediately upon the grant of such Stock Option.

(c) TERM. The term of a Stock Option is ten years from the date that it is granted.

(d) TERMINATION OF SERVICE AS NON-EMPLOYEE DIRECTOR. If an optionee ceases to be a Non-Employee Director for any reason (including his death or disability) then all outstanding Stock Options held by such optionee will remain exercisable by such optionee (or in the case of death or disability, such optionee's estate or legal guardian, as the case may be) for the lesser of 90 days following such event and the remaining term of such Stock Option. Thereafter, such Stock Options will terminate.

21

<PAGE>

No Stock Option granted under the Directors' Plan is transferable by the optionee to whom granted otherwise than by will or the laws of descent and distribution, and a Stock Option may be exercised during the lifetime of such optionee only by the optionee or his guardian or legal representative. The terms of such Stock Option must be binding upon the beneficiaries, executors, administrators, heirs and successors of the optionee.

The purchase price for any shares of Common Stock purchased pursuant to the exercise of a Stock Option must be paid in full upon such exercise in cash, by check or, at the discretion of the Board of Directors and upon such terms and conditions as the Board of Directors will approve, by transferring previously owned shares to the Company, having shares withheld or exercising pursuant to a "cashless exercise" procedure, or any combination thereof.

In the event that the shares of Common Stock are hereinafter changed into or exchanged for a different number or kind of shares or other securities of the Company, or of another corporation, by reason of reorganization, merger or other subdivision, consolidation, recapitalization, reclassification, stock split, issuance of warrants or rights, stock dividend, combination of shares or similar event, the Board of Directors will make appropriate adjustments in the number and kind of shares of Common Stock subject to Stock Options under the Directors' Plan, and the purchase price per share, to prevent dilution or enlargement of the benefits granted to, or available for, optionees.

Stock Options granted under the Directors' Plan are intended to be "nonqualified stock options" that will not be governed by the special tax treatment applicable to "incentive stock options" described in Sections 421 and 422 of the Code. The following is a summary description of the Federal income tax consequences of the Directors' Plan.

The grant of a Stock Option under the Directors' Plan is not taxable to the Non-Employee Director at the time of grant. Upon the exercise of a Stock Option,

1. except as described below with respect to the exercise of a Stock Option within six months of the date of grant, the Non-Employee Director will recognize taxable ordinary income in an amount equal to the excess of the fair market value of the shares acquired on the date of exercise over the exercise price;
2. the Company will be entitled to a deduction at the same time and in the same amount as the Non-Employee Director recognizes income; and
3. upon a sale of the Common Stock so acquired, the Non-Employee Director will have short-term or long-term capital gain or loss, as the case may be, in an amount equal to the difference between the amount realized on such sale and the tax basis of the shares sold.

If payment of the exercise price is made entirely in cash, the tax basis of the shares will be equal to its fair market value on the date of exercise, but not less than the exercise price, and the holding period will begin on the day after the date of exercise. If the Non-Employee Director uses previously owned shares to pay all or part of the exercise price, the transaction will not be considered to be a taxable disposition of the previously owned shares. The Non-Employee Director's tax basis and holding period of the previously owned shares will be carried over to the equivalent number of shares received on exercise. The tax basis of the additional shares received upon exercise will be the fair market value of the shares on the date of exercise, but not less than the amount of cash used in payment, and the holding period for such additional shares will begin on the day after the date of exercise.

If a Stock Option is exercised within six months of the date of grant and the sale of the shares received on exercise at a profit could subject the Non-Employee Director to a suit under Section 16(b) of the Securities and Exchange Act, then, unless the Non-Employee Director makes an election under Section 83(b) of the Code within thirty days after exercise to be taxed under the general rules described above: (1) the Non-Employee Director will recognize taxable ordinary income at the time that the sale of such

22

<PAGE>

shares is no longer subject to such restriction (the end of the "Section 16(b) period"), (2) the amount of such ordinary income will be equal to the excess of the fair market value of the shares at that time over the exercise price, and the Non-Employee Director's tax basis for the shares will be equal to their fair market value at that time, (3) the Non-Employee Director's holding period for the shares will begin at the end of the Section 16(b) period, and (4) any dividends he receives on the shares before that time will be taxable to him as compensation income. If previously owned shares are used to pay all or part of the exercise price, the special rules described above will apply, using the fair market value of the shares at the end of the Section 16(b) period.

The Company does not impose restrictions on the resale of shares of Common Stock obtained pursuant to the Directors' Plan; however, certain optionees may be subject to restrictions on resale imposed by federal or state securities laws or by contract.

The Directors' Plan is administered by the Board of Directors. The Board of Directors may at any time terminate, suspend, amend or modify the Directors' Plan; provided, however, that no such action of the Board of Directors, without the approval of the Stockholders, may (i) increase the total number of shares of Common Stock for which Stock Options may be issued under the Directors' Plan; (ii) change in any respect the class of persons who constitute Non-Employee Directors eligible to participate in such plan; (iii) change the requirement that an Option be granted at Fair Market Value; (iv) extend the maximum period for granting or exercising Stock Options; or (v) otherwise materially increase the benefits accruing to optionees under such plan; and provided, further, that no amendment, modification, suspension or termination of the Directors' Plan may in any way affect any Stock Option theretofore granted under the Directors' Plan without the consent of the then holder of the Stock Option.

THE FULL TEXT OF THE PROPOSED RESOLUTION AMENDING THE DIRECTORS' PLAN IS ATTACHED HERETO AS EXHIBIT C.

RATIFICATION OF THE APPOINTMENT OF
ERNST & YOUNG LLP AS AUDITORS (PROPOSAL 5)

The Board of Directors has appointed the firm of Ernst & Young LLP,

independent certified public accountants, to examine the financial statements of the Company for the year ending December 31, 1997. Ernst & Young LLP has been employed as independent auditors of the Company since 1990. Stockholders are asked to ratify the action of the Board of Directors in making such an appointment.

If the appointment of Ernst & Young LLP for fiscal year 1997 is not ratified by the Stockholders, the selection of other independent auditors will be considered by the Board of Directors.

Representatives of Ernst & Young LLP will be present at the Meeting and may make a statement if they so desire. They also will be available to respond to appropriate questions.

Section 1.6 of the Bylaws of the Company provides that action to be taken by stockholder vote, other than the election of directors, shall be authorized by a majority of the votes cast at a meeting of the stockholders. Therefore, the ratification of the appointment of Ernst & Young LLP as auditors requires the affirmative vote of a majority of the votes cast at the Meeting.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS AUDITORS AND IT IS INTENDED THAT PROXIES NOT MARKED TO THE CONTRARY AND NOT DESIGNATED AS BROKER NON-VOTES WILL BE SO VOTED.
